### Auxiliary installation:

- |  |   |  |
|--|---|--|
| <input type="checkbox"/> Electromagnetic brake | <input type="checkbox"/> Posistor                 | <input type="checkbox"/> Frequency converter             |
| <input type="checkbox"/> Stop brake            | <input type="checkbox"/> Heat controller          | <input type="checkbox"/> Control unit                    |
| <input type="checkbox"/> Load switch           | <input type="checkbox"/> Manual emergency control | <input type="checkbox"/> Stored program controller (SPC) |
| <input type="checkbox"/> Transmitter 4-20 mA   | <input type="checkbox"/> Potentiometer            | piece  |
|  | <input type="checkbox"/> Feedback switch          | number of switches                                       |

### Type of fastening:

- |   |   |                                    |
|---|---|------------------------------------|
| <input type="checkbox"/> Pivot pin      | <input type="checkbox"/> Pedestal bearing | <input type="checkbox"/> Stud bolt |
| <input type="checkbox"/> Fastening feet | <input type="checkbox"/> Flange           | <input type="checkbox"/>           |

### Connection fastening (slide rod):

- |                                     |                              |  |
|-------------------------------------|------------------------------|--|
| <input type="checkbox"/> Fork joint | <input type="checkbox"/> Eye | <input type="checkbox"/> Joint head / ball joint |
| <input type="checkbox"/> Flange     | <input type="checkbox"/>     |  |

### Environment:

- |                                  |                                |                                |                                     |
|----------------------------------|--------------------------------|--------------------------------|-------------------------------------|
| <input type="checkbox"/> Inside  | <input type="checkbox"/> Clean | <input type="checkbox"/> Dry   | <input type="checkbox"/> Vibration  |
| <input type="checkbox"/> Outside | <input type="checkbox"/> Dirt  | <input type="checkbox"/> Humid | <input type="checkbox"/> Aggressive |

### Slide rod and case protection:

- |                                     |  |   |
|-------------------------------------|--|---|
| <input type="checkbox"/> Bellow     | <input type="checkbox"/> Telescopic slide rod protection | <input type="checkbox"/> Tropicalized execution |
| <input type="checkbox"/> VIK design | <input type="checkbox"/>                                 |   |

### Special requirements / miscellaneous:
